**COMPTEL Comments on Sen. Heller’s
FCC Process Reform Legislation**

WASHINGTON, D.C. – Today Sen. Dean Heller (R-Nev.) introduced new Federal Communications Commission process reform legislation.

The following statement can be attributed to Chip Pickering, CEO of COMPTEL, the leading trade association advocating for competitive networks and competitive communications policy:

“COMPTEL commends Sen. Heller for his continued efforts to increase transparency and efficiency in government. We look forward to working with the Senator to ensure that any proposed process reforms will promote and enhance competition in the marketplace.”

About COMPTEL

Based in Washington, D.C., COMPTEL is the leading industry association representing competitive communications service providers and their supplier partners. COMPTEL members are entrepreneurial companies driving technological innovation and creating economic growth through competitive voice, video, and data offerings and the development and deployment of next-generation, IP-based networks and services. COMPTEL advances its members’ interests through trade shows, networking, education, and policy advocacy before Congress, the Federal Communications Commission and the courts. COMPTEL works to ensure that competitive communications providers can continue to offer lower prices, better service, and greater innovation to consumers.
